

## Dynasty® A19 LED Lamp

The new Dynasty® A19 LED lamp is designed as a direct replacement to existing standard 40 watt A19 incandescent lamps and only consuming 8 watts. While standard incandescent lamps last 2,000 hours, the Dynasty® A19 LED Lamp has a lifetime of over 35,000 hours allowing the user to forget about maintenance after installation. These lamps employ CAO Lighting's patented solid state lighting technology with LEDs forming a 360 degree horizontal beam pattern. These lamps also contain no hazardous material and are RoHS compliant. For more Dynasty lighting products, **Look for the Butterfly!**

### Applications

- Wall sconces
- Fan lamps
- Table lamps
- Ceiling fixtures

### Benefits

- 4 year warranty
- Environmentally safe, RoHS compliant
- Low carbon footprint
- Lower maintenance costs
- Consumes 5X less energy than incandescent

### Features

- Consumes only 8 watts
- Vibration resistant
- 360° horizontal beam pattern
- Operates 110/220 VAC, 50-60Hz
- Available in warm white (2700K)
